GLOBAL FUNDRAISING

'We believe in empowering people and projects through global fundraising in a simple, smart and transparent way.'

ONE CALL, ONE NUMBER, ONE SERVICE, ONE WORLD

ATHALOS monetizes and administrates communication and data flows for its customers. We are a Telemedia and network solutions provider that specializes in transport of international telecommunication traffic for premium rate and payment services.

At Athalos we believe the most
important history
is the history we make today.

OUR GOAL

- To become the worlds largest communication and charity donation services network.
- To service NGO impact by an online communication platform and contact centric services (communication eco-system).
- Offering a free service contact center phone number to the business market with one revenue model.
- To organise immersive experience in events which will give the audience the ultimate experience that triggers an instant action to act and execute.

Global (NGO) Ambassadors

One world network being one service for NGO's to grow, to connect and to help developing the instant action everywhere in the world to help the needed in their natural territory.
